Memorandum

To J.F. Morreale, Superintendent C.U. *JK* *JK* Date October 13, 1976  
From Ruth Winget - Purchasing Department *10/17/76*  
Subject Repair Turbine Waterwheel Generator

COPIES TO:

P. Fulkerson

Herewith is Purchase order #8323 which is prepared favoring General Electric Company Service Division for repair of Turbine Waterwheel Generator belonging to Filtration Plant.

Two quotes were received, G.E. Co. Service Div. being the lowest.

Generator repaired by G.E. Service Div. 12/6/74 and 8/12/75 at total cost of \$15,575.00. Operated Sept. 17, 1975 to May 14, 1976, generating 524,700 KWH at a power savings of \$11,646.00. Potential power savings per year \$12,000 to \$15,000.

May 14, 1976 we had a lower bearing failure probably due to lack of lubrication caused by water entering bearing thru faulty lower water seal. The proposed repair work will place generator in good operating condition and we can expect 5-10 years of generation.

Attached are the following documents in support of the recommendation for acceptance of G.E. Co. Service Div.

1. Copy of Filtration Plant Requisition
2. Copy of G.E. Co. Service Div. quote.
3. P.O. No. 8323.

It is urged that in referring this Purchase Order to the City Council for enactment of an ordinance, that all of the attached items, together with this memorandum be included with the proposed ordinance.

Please make sure that no confirming purchase order number is given to G.E. Company Service Div. until evidence of Council approval is furnished to the Purchasing Department.

Attn: Mr. P. Fulkerson

Gentlemen:

We are pleased to quote you on the following work to be performed on the Water-wheel at your North Anthony Location:

1. Set up and machine Waterwheel shaft
2. Remove babbitt from bearing
3. Repour babbitt on bearing
4. Machine to proper size
5. All material supplied

Net \$3362.00

We are assuming shaft is not bent and bearing casting is not cracked. If any additional work is requested from us we will quote you at time of request. Work on shaft will be done in place and work on bearing will be completed at our facilities. If you have any questions or if I can help further please contact me.

"The price stated herein shall be subject to adjustment at the date of shipment. Any such adjustment hereunder shall be equal to any percentage adjustment in the Company's published prices and applicable discounts from the date of the order to the date of the shipment.

In the event the Company has been delayed for any of the causes specified in the clause entitled "Excusable Delays" which is set forth in the Company's Conditions of Sale, "shipment" shall mean the actual date of the shipment."

Very truly yours,
